

MVA Enrollment Guidelines and Admission Information

Students in grades 6-12 who reside within the state of Kansas are eligible to apply for enrollment in MVA. A virtual environment is a great educational option for students, but it is not the appropriate educational setting for every student. It is important to consider your student's needs to determine appropriateness. Enrollment into Manhattan Virtual Academy is contingent upon, but not limited to the following:

Kansas Resident Policies

- Submit a completed MVA enrollment application with documentation.
- Review of application by the administrative team. **If accepted education support services, modifications, and accommodations will be provided virtually.**
